Only at Agribition does an opportunity like this exist. 7G was selected at the top of the Shadybrook production sale for her unique ability to combine real world attributes with the extras needed to compete at the highest of levels. Her rare phenotype merged with a highly sought after and hard to get pedigree only adds to 7G's potential.

Selling the option for one IVF Cycle or one conventional flush. Guaranteeing 6 transferable embryos. Flush to be done in the spring of 2022.
